

## Sheffield Council plans (12 July 2017):

- Re-furbish courts 4 & 5 (pay-to-play – to be run by Parks Tennis CIC)
- Retain courts 1-3. Support Bingham Park Community Group in raising funds and assistance for renovation of courts 1, 2 and 3 so they can continue to be used as free to access multi activity areas.
- Remove fencing and retaining walls on courts 6, 7, 8, 9
- Retain astroturf & existing rigid fencing
- Repair steps and access path to retained courts and astroturf area
- Replace tarmac footpath to golf course with concrete paving slabs

If you would like to give feedback on the proposals, please email [binghamparkcommunitygroup@gmail.com](mailto:binghamparkcommunitygroup@gmail.com)

## Bingham Park Community Group consultation

### summary:

- The community value the courts area and are keen to be involved in improving it.
- Many people use the courts to play tennis, but also for a range of other informal activities including roller-skating, scooters, ball games, dog training, picnics.
- People would welcome the refurbishment of some courts as tennis courts, and most would be happy to pay-per-play, as long as some free-to-access courts were retained for informal play and other court sports for groups, e.g. netball.
- People are keen to see the low-key development of the courts area for a variety of other outdoor recreation including strong support for table tennis, a small scooter and skateboard park, and a bike skills area.

### Current status:

- Courts 1-5 are in the best condition
- Court 3 currently tennis
- Court 4 astroturf
- Court 5 netball markings

## Bingham Park Community Group aims:

In addition to Sheffield Council proposals:

- Improve courts 2 and 3 as fenced, free to access multi-use areas (repair / rebuild retaining walls, and steps, remove existing fencing replace with rigid fencing, install robust netball hoops and markings on court 3 for formal sports, install other informal sports equipment on court 2).
- Install robust outdoor table tennis tables at the edge of court 1
- In addition to SCC plans for courts 6-9, develop proposals for alternative uses of these areas (e.g. mini scooter / skate park; bike skills, trim trails)
